| October 10, 2010 | 15 |
| November 04, 2010 | 13 |
| December 2, 2010 | 11 |
| January 6, 2011 | 10 |
| February 3, 2011 | 8 |
| March 3, 2011 | 8 |
| May 5, 2011 | 9 |
| June 2, 2011 | 19 |

3. The goals and objectives of the SAC/IAC/Board:

Special note: Naples Elementary School Advisory Committee's goals for 2010/2011 consisted of looking at the goals from SY 2009/2010 and making adjustments for improvement and/or changes. Since 2009/2010 goals were based on the SY 2008/2009 Customer Satisfaction Survey, the determining factors for success needed to come from reviewing the most recent survey that was given during this SY 2010/2011. The results of that survey are still pending. This year's SAC agreed to keep the old goals and to maintain the old goals until the new survey can be reviewed.

Goal 1: **Highest Student Achievement:** NES SAC exists to promote programs and issues that promote highest student achievement through communication and problem solving. The intent is to provide a coordinated process to address and resolve issues facing the school, its faculty, parents, the student body and military leadership at the appropriate level to allow the highest level of student achievement.

Goal 2: School Safety: NES SAC exists to promote programs that promote sustaining safe school environments for all children through communication and problem solving among parents, school administration, faculty and military leadership. The intent is to provide the safest school environment through a coordinated process to address and resolve issues related to safety at the appropriate

Level 4. Measures of success in achieving each goal or objective listed above:

Goal 1: Reviewing the customer service surveys to see if we have increased communication with the community. Although the results of this year's survey are still forthcoming, it is the belief of this year's SAC that communication has been favorable and timely overall. The school produced a year-long calendar to keep parents informed of upcoming events. Realizing that there were occasional changes, the school made every effort to inform the community. An added communication tool this year was the school's face book.

Goal 2: Safety continues to be the number one concern of the school. We aim to provide each student a safe and healthy environment in which to learn; every day, hour and minute. Feedback measures are employed and all issues regarding safety are discussed and addressed. During this School year, SAC was not asked to address any concerns with safety. This is definitely an indication that safety measures are in place and are working at Naples Elementary School.

5. Other matters addressed and any outcome from the work of the SAC/IAC/Board:

- Calendar Changes
- Number of School Days
- Size of school lunches
- Lunch tickets
- Parent Handbook
- Communication regarding long term substitute teachers
- Children in building after hours
- Safety of new fence
- Program change to sixth grade

Other: The SAC had a number of visitors attend our meetings throughout the year. Please see the approved minutes.

6. List the major achievements of the committee during the reporting period:

- The school lunch menu now has a phone number to call for any last minute changes.
- The fence is being varnished to ensure the safety of our students.

7. List any concerns requiring additional review and recommendations for the

- Continuing to communicate that the SAC is the voice of the community.

8. List actions taken to strengthen and improve the local SAC/IAC/Board:

- SAC has a generic email so that it can stay consistent through the years. This will hopefully help to facilitate communication.
- SAC posts its upcoming meetings on the school Facebook page.

9. Recommendations for the improvement of the Local Education Advisory Program:

- Increase awareness about SAC and more visibility at school functions.

10. Additional comments (optional): We at SAC take our role seriously and encourage communication and parent involvement. Together we can make NES the best learning environment for our students, teachers and staff.
