OLD BUSINESS

CSI Report

- Vision is the most important part of what the CSI looks while striving toward two goals
- Goal 1- is to increase reading comprehension through strategies and connections
 - Connecting text to self, another text, and to environment
- Goal 2- improve math scores
 - Estimate, rounding, and operations
 - Proficient with concrete manipulations
- Would like writing to help with both of these goals
- Would like more parent involvement and would like parents on the committees
 - The school will add these meetings to the master calendar so parents can attend and give input

NEW BUSINESS

New SAC positions

- Since only the three new parents were in attendance, decided to hold off on electing people to the Chair and secretary position
- Will email a job description to the new members as well as the by-laws
- Also encouraging the new members to look up other SACs at other DODDEA schools and look on advanced ED for more information about SAC
- The first meeting of the new year will be held on Thursday, September 6th
- We will hold the SAC training and after the training, we will elect the members to the two vacant positions.

The next meeting will be Thursday, September 6th at 3PM
