

La Delfina

Naples Elementary School

Dear NES Parents,

Welcome to School Year 2012-2013.

It is so exciting to begin a new year with the Naples' community. You play an incredible and important role in our students' success. We want to begin this school year with a new commitment between home, school and community. By doing so, your children will flourish. So please join us by volunteering your time with one or more of the many activities, events and Continuous School Improvement (CSI) process.

Your children will reap the benefits!

Mona Morgan
Principal

Parent Reminders:

Here are just a few reminders for our wonderful, hard working parents. If you have new cell phones or emergency contacts, please come to the front office to fill out a contact update form. It is very important that we are able to get in touch with you in case of an emergency. Also, please have your child's FULL name written on everything they carry or wear to school, so that it can be returned if it is lost or misplaced. And last but not least, parents can leave prescription medication in the nurses office starting on Monday, August 27. Please bring your prescription and a doctor's note. Thank you.

Important Updates from USNH Naples

by HM3 David A. Tapia

It's back-to-school season and that usually means sports and other physical exams. It also means increased demand for medical services. Your U.S. Naval Hospital Naples Medical Home Port team is standing by, ready to assist! There are a few things we thought you should know about the process that will allow us to better serve you.

With the implementation of Patient Centered Medical Home Port, the goal is to provide complete care for our patient's needs in each visit. When booking appointments, please provide all relevant information to include medication refills, upcoming wellness checkups, and any other concerns you may have. Each appointment will consist of a 20 minute interview with the attending provider's corpsman and then 20 minutes of direct face-to-face time with your primary care physician. In some cases, medication refills and adjustments can take up to 3 business days to process.

Annual physicals are recommended for all pediatric patients from ages 2-18 years old. Sports physicals can be completed during annual visits upon request. Sports physicals are valid for one calendar year from the date of the physical. Sports physicals are an all-inclusive head-to-toe examination that will cover all sports. They are also valid for Boy/Girl Scout requirements. However, Scouts physicals do not cover sports clearance. Physicals typically take about two weeks or more to complete depending on the complexity.

To better serve your child's eye care needs, the Optometry Department is setting aside a few walk-in days for Kindergarten through 12th graders. Thursday 23 August (0800-1200) and Friday 24 August will be designated for walk-ins. Those wishing to secure an appointment are encouraged to schedule an appointment as soon as possible to avoid delays.

To make an appointment with your Medical Home Port Team or Optometry, please call 081-811-6000.
