Notes from the Nurses

Head Lice Information

We continue to encourage parents to diligently check their children for the presence of lice or nits (eggs). Head lice are elongated insects approximately 1/8 inch in length. The eggs, commonly called nits, are teardrop in shape, very small and vary in color from off-white to yellowish brown. The nits are attached to the hair shaft close to the scalp with a waterproof, cement-like substance. The nits cannot be washed or brushed off like dandruff or debris. **The nits must be picked out with your fingers.**

If you discover lice or nits there are different methods of treatment. You can use either a lice shampoo or olive oil treatment. For more information on these treatments see these websites: <http://www.hsph.harvard.edu/headlice.html> or www.headliceinfo.com **Remember that lice do not cause diseases, they are merely a nuisance. Thorough and consistent cleaning of linens, coats, hats, combs /brushes is also necessary to help stop the spread of lice.**

If your child does have lice or nits please be responsible and inform the school health office at 629-4058/081-811-4058 and anyone who has been in close contact. Student's names are kept confidential. Lice are very contagious. Early recognition and treatment is key in preventing an outbreak. Thank you for your support and cooperation.

RUNNING CLUB

Due to the short Thanksgiving week last week plus all the rain, no tallies were collected. Tallies will be gathered on Monday and new names will be posted on Tuesday.

WINTER WONDERLAND

Holy cannoli, we were ever busy this week! It's with all our fingers crossed that we hope your child was able to come by the Wonderland and either have fun browsing or maybe even purchase something fun for you or your spouse. True to years past, we did run out of some "hot" items, and so we tried our best to substitute an item that hopefully met with your child's satisfaction. Getting to see all the smiling and curious faces looking over the tables, not to mention the serious faces counting out money, was a treat in and of itself. To all the parents who gave of their hard-earned cash to help support this fundraiser, we truly hope that the pride your child has watching you open your gift makes forking out the dough worthwhile. Thank you for your support! To our never-tiring, never-complaining troupe of fantastic volunteers - what can we say? We truly could not have done this without you. The school thanks you, the children thank you, but most importantly, the PTA thanks you; your gift to us of your time and energy means the world. Thank you!

Now you know there are at least two people I didn't thank...so I'm sure to get coal this Christmas...if I forgot you, my sincerest apologies! CK
